

#ESOT2017 PROGRAMME OVERVIEW

Sunday, September 24	
Specialty Symposia	
09.00 12.50	<p>The coolest clinical trials in transplantation. Sponsored by EU</p> <p>Organ Donation Meeting by EDYCO</p> <p>YPT Career Development Workshop</p> <p>Pancreas and Islets by EPITA</p> <p>EKITA & ERA-EDTA DESCARTES Joint Symposium</p> <p>Theracic by ECTTA</p> <p>Basic Science by BSC</p> <p>Vascularized Composite Allograft transplantation by VCA</p> <p>Ethical, Legal and Psychosocial by ELPAT</p> <p>Allied healthcare Professionals EIAHP</p> <p>Liver and Intestine by ELITA</p>
13.00 14.30	<p>Corporate Plenary Symposium</p> <p>Corporate Workshop</p>
Opening Event	
14.45 16.30	<p>Plenary 1 Big Bang in Transplantation</p>
16.45 18.15	<p>Corporate Parallel Symposia</p>
18.30 19.30	<p>Brief Orals</p> <p>Elevator Pitch</p> <p>e-Posters Opening</p>

Monday, September 25	
Education Tracks	
07.30	<p>1- Histocompatibility: your worst nightmare?</p> <p>2- Live donation</p>
08.00 09.00	<p>Full Orals</p> <p>Brief Orals</p>
State of the Art sessions	
09.10 10.40	<p>1- Organ preservation and enhancements</p> <p>2- Mix and match: the right organ for the right recipient</p> <p>3- The biomarker perspective: prime time or perpetual promise?</p>
Coffee break	
10.40 11.10	<p>Big Bang 1 Technology Enhanced Medicine</p> <p>Best Abstract Challenge</p> <p>Elevator Pitch</p> <p>Full Orals</p>
11.10 12.40	<p>Corporate Parallel Symposia</p> <p>Surrogate Endpoints International Workshop</p> <p>Brief Orals</p>
Plenary 2 Trials and tribulations in Transplantation	
14.05 15.35	<p>Coffee break</p>
15.35 16.00	<p>Big Bang 2 Value and costs of science and patient care in transplantation: The unwanted truth</p> <p>Modern Education</p> <p>Full Orals</p> <p>Brief Orals</p>
16.00 17.00	<p>Campfire</p> <p>The Devil's Advocate Basic Science</p> <p>Elevator Pitch</p> <p>Brief Orals</p>
17.00 18.00	<p>Corporate Plenary Symposium</p>
18.00 19.30	<p>Corporate Plenary Symposium</p>

Tuesday, September 26	
Education Tracks	
07.30	<p>3- Above and below the diaphragm</p> <p>4- Pathophysiology and endpoints on tolerance</p>
08.00 09.00	<p>Full Orals</p> <p>Brief Orals</p>
State of the Art sessions	
09.10 10.40	<p>4- New concepts in transplant infectious diseases: Microbiota, and beyond</p> <p>5- Cell therapy in clinical trials</p> <p>6- One for all or all for one: Getting away from protocolized medicine</p>
Coffee break	
10.40 11.10	<p>Big Bang 3 Innovation in immunomedication: The Modern Prometheus</p> <p>Asia leading the way</p> <p>Full Orals</p>
11.10 12.40	<p>Corporate Parallel Symposia</p> <p>Corp Works hop</p> <p>Rising Stars on Stage</p> <p>Elevator Pitch</p> <p>Brief Orals</p>
Plenary 3 Innovation under pressure: Transplant Patient Care in 2020	
14.05 15.35	<p>Coffee break</p>
15.35 16.00	<p>Big Bang 4 Ageing and immortality</p> <p>The Devil's Advocate Clinical</p> <p>Brief Orals</p>
16.00 17.00	<p>Corporate Parallel Symposia</p> <p>Full Orals</p>
17.00 18.00	<p>Corporate Parallel Symposia</p> <p>Full Orals</p>
18.30 19.30	<p>ESOT General Assembly</p> <p>Elevator pitch</p> <p>Brief Orals</p>
19.30 20.15	<p>Rising Stars Networking Cocktail</p>

Wednesday, September 27	
Education Tracks	
07.30	<p>5- Infection diseases</p> <p>6- Allograft phenotype and clinical implications</p>
08.00 09.00	<p>Full Orals</p> <p>Brief Orals</p>
State of the Art sessions	
09.10 10.40	<p>7- Donor management</p> <p>8- Pushing the boundaries in living donation</p> <p>9- Cellular interactions in rejection</p>
Coffee break	
10.40 11.10	<p>Plenary 4 and Presidential Session Leadership in Transplantation</p> <p>Closing Event</p>
11.10 13.00	<p>Plenary 4 and Presidential Session Leadership in Transplantation</p> <p>Closing Event</p>
