

## Sunday, September 24

### Specialty Symposia

09.00 12.50	The coolest clinical trials in transplantation. Sponsored by EU	New roles for the transplant coordinator in organ recovery and repair by EDTCO	YFT Career Development Workshop	New challenges for allocation (recipient) and donation (donor) by EDTA	New challenges for a fair allocation by EDTA	EDTA & ERA - EDTA DESCARTES Joint Symposium	ERS & ESC joint sessions by ECITA	Development, ageing and regeneration by ESC	Beyond hand and face transplantation by YCA	Hot topics in living and deceased donation by ELPAT	Healthy ageing after transplantation: sex drugs and rock'n'roll by ERAHP
----------------	---	--	---------------------------------	--	--	---	-----------------------------------	---	---	---	--

13.00 14.30												
----------------	--	--	--	--	--	--	--	--	--	--	--	--

14.45  
17.30

## Plenary 1 Big Bang in Transplantation

17.45 18.45	Moderated E-Posters E-Posters Appointments Opening	Elevator Pitch	Transplant International behind the scenes	Brief Orals
----------------	--	----------------	--	-------------

19.00 20.00	Networking Cocktail			
----------------	---------------------	--	--	--

## Monday, September 25

Education Tracks			
07.30	1-Histocompatibility: your worst nightmare?	2-Live donation	
08.00 09.00			Full Orals    Brief Orals

State of the Art sessions			
09.10 10.40	1-Organ preservation and enhancements	2-Mix and match: the right organ for the right recipient	3-The biomarker perspective: prime time or perpetual promise?

Coffee break

10.40 11.10				
11.10 12.40	Big Bang 1 Technology Enhanced Medicine	Best Abstract Challenge	Elpat workshop	Full Orals

13.00 14.00	Corporate Parallel Symposia	Future Leaders on stage: Life changing stories	Elevator Pitch	Brief Orals
----------------	-----------------------------	--	----------------	-------------

14.05  
15.35

### Plenary 2 Trials and tribulations in Transplantation

Coffee break

15.35 16.00				
16.00 17.00	Big Bang 2 Value and costs of science and patient care in transplantation: The unwanted truth	Modern Education: From Learner to Leaders Campfire	Full Orals	Brief Orals

5' break				
17.05 18.05	The Devil's Advocate Basic Science		Full Orals	Elevat or Pitch
				Brief Orals

18.05 19.35	Corporate Plenary Symposium			
----------------	-----------------------------	--	--	--

## Tuesday, September 26

Education Tracks			
07.30	3-Above and below the diaphragm	4-Pathophysiology and endpoints on tolerance	
08.00 09.00			Full Orals    Brief Orals

State of the Art sessions			
09.10 10.40	4-New concepts in transplant infectious diseases: Microbiota, and beyond	5-Cell therapy in clinical trials	6-One for all or all for one: Getting away from protocolized medicine

Coffee break

10.40 11.10				
11.10 12.40	Big Bang 3 Innovation in Immunomedication: The Modern Prometheus	Asia leading the way	Elevator Pitch	Full Orals

13.00 14.00	Corporate Parallel Symposia	Surrogate Endpoints International Workshop	Brief Orals	
----------------	-----------------------------	--	-------------	--

14.05  
15.35

### Plenary 3 Innovation under pressure: Transplant Patient Care in 2020

Coffee break

15.35 16.00				
16.00 17.00	Big Bang 4 Ageing and immortality	The Devil's Advocate Clinical	Brief Orals	

5' break				
17.05 18.35	Corporate Parallel Symposia	ESOT General Assembly	Full Orals	

5' break				
18.40 19.35	Brief Orals		Elevator Pitch	

19.35 20.20	Rising Stars Networking Cocktail			
----------------	----------------------------------	--	--	--

## Wednesday, September 27

Education Tracks			
07.30	5-Infection diseases	6-Allograft phenotype and clinical implications	
08.00 09.00			Full Orals    Brief Orals

State of the Art sessions			
09.10 10.40	7-Donor management	8-Pushing the boundaries in living donation	9-Cellular interactions in rejection

Coffee break

11.10  
13.00

### Plenary 4 and Presidential Session Leadership in Transplantation
